Message from the Desk of the Principal

Welcome to this edition of our college newsletter, which is devoted to honouring the science and art of teaching. In the field of teacher education, we are developing the mentors, leaders, and innovators who will mould the minds of future generations rather than just imparting knowledge. This magazine captures the passion, pedagogy, and practice that characterise our campus life, acting as a reflected mirror of our journey.

The narratives presented in these pages showcase the high points of our academic year, including the innovations made during teaching practicums, the thought-provoking seminars given by eminent academics, and the dynamic community outreach initiatives that help close the gap between theory and practice. Beyond academic success, this publication honours the human aspect of teaching—the patience, sensitivity, and "Proud" moments that happen when a student finally understands a concept. It is a testament to your tenacity and your steadfast dedication to a career that is both challenging and fulfilling.

We are pleased to inform that Nikhil Banga Sikshan Mahavidyalaya launched Volume 5 of its newsletter, **SPOTLIGHT**, on **August 1st , 2026**. The college has made significant progress in every academic area and extracurricular activity, including staff development, athletics, and culture.

We would like to express our gratitude to the editorial staff and writers who have meticulously recorded our advancement. Their efforts enable us to take a moment to recognise the effect we are making as a group. With this little gem of a book, I hope to help student to cultivate a love of reading and a sense of community inside the school.
