Report on B.Ed SEM II Internship on and from 1.9.26 to 9.10.26

Introduction: As part of the teacher education curriculum, Nikhil Banga Sikshan Mahavidyalaya organized the B.Ed. Semester-II School Internship Program from 1st September 2026 to 9th October 2026. The student-teachers were engaged in various school-based activities during the period of internship under the guidance and supervision of teacher educators and the concerned authorities. The program gave them an insight into how schools operate in practice, classroom management skills, students' learning needs and the professional duties of teachers.

Classroom teaching, lesson planning, preparation and use of Teaching-Learning Materials (TLM), observation of experienced teachers, maintaining teaching records and participation in co-curricular and other school activities were the main activities carried out during the internship. The internship provided excellent opportunities for student-teachers to improve their communication skills, confidence, leadership qualities, professional ethics and problem solving skills. They developed skills to build positive relationships with students and teachers and to create an inclusive and supportive learning environment. The experience also helped them to value the importance of assessment, feedback, individual differences and learner-centered approaches to teaching. All in all, the program was a great learning experience that bridged the gap between theory and practice in the classroom. It helped in the professional development of the student-teachers and prepared them to take up their future responsibilities as competent, reflective and responsible teachers. Nikhil Banga Sikshan Mahavidyalaya is committed to quality teacher education through practical training, professional involvement and continuous improvement in teaching-learning practices.
