## Report of MSME Camp Visit on 8.8.23 and 11.8.23

Over the past fifty years, the Micro, Small, and Medium-Sized Enterprises (MSME) sector has grown to be a very active and dynamic area of the Indian economy. MSMEs not only play a significant role in creating many job opportunities at capital costs that are comparably lower than those of large industries, but they also aid in the industrialization of rural and underdeveloped areas, thereby reducing regional imbalances and ensuring a more equitable distribution of income and wealth across the country. MSMEs serve as auxiliary units to large businesses and have a significant positive impact on the nation's socioeconomic development.

This year Ministry of MSME, Govt. of West Bengal organized camp at each block of West Bengal to encourage and motivate the young members of the society to engage themselves in business and also motivate students to take the advantages of student credit card (SCC).
