Report on Celebration of Teachers' Day on 05.09.2023

Introduction:

On September 5 each year, we respect and honour our teachers by observing **Teacher's Day**. The former president **Dr. Sarvepalli Radhakrishnan**, a scholar and teacher, was born on this day, which is also commemorated. When Dr. Sarvepalli Radhakrishnan was chosen to serve as India's second president in 1962, the inaugural Teachers' Day was observed. It just so happened that he proposed that September five be recognized as "**Teachers' Day**" instead of his birthday when some of his former pupils and friends voiced their desire to do so.

The students of Nikhil Banga Sikshan Mahavidyalaya celebrated September five as Teachers' Day like each year. They have organized and gifted a nice cultural programme as per following schedule to their respected Teachers.

Conclusions:

The significance of Teachers' Day lies in the fact that it is a time to recognize and recognize the commitment and labour of teachers. This day honors educators for their commitment to their efforts on behalf of their students. Additionally, it is a day dedicated to praising the noble profession of teaching and emphasizing the important part that teachers play in the advancement of a country by fostering and moulding the minds of children.
