Report on Thalassemia Detection Camp

NSS Unit, Nikhil Banga Sikshan Mahavidyalaya

(07.02.2023 – 08.02.2023)

Part – 1 : Motivational Programme (07.02.2023)

Thalassemia is an inherited (i.e., passed from parents to children through genes) blood disorder caused when the body doesn't make enough of a protein called hemoglobin, an important part of red blood cells. NSS Unit of Nikhil Banga Sikshan Mahavidyalaya had organized a two days **Thalassemia Detection Camp** in collaboration with **Thalassemic Guardian Society**. The 1st day motivational programme was hosted by **Dr. Santanu Golui and Mr. Sanjay Bhunia**. **Mr. Prabir Sen**, Resource Person & President, **Thalassemic Guardian Society**, Mr. Rabindranath Patra, President, Alumni Association. NBSM, and Mr. Prabir Dutta, Secretary, Alumni Association. NBSM were present at the programme. Principal in his inaugural speech cited the importance of Thalassemia detection and aware everyone about the importance of the inherited blood disorder, Thalassemia.. Rabindranath Patra, President of Alumni Association, NBSM said a few lines about the detection camp. Prabir Dutta also shared his personal experience with Thalassemic Test.

Inaugural speech of Principal

Mr. Prabir Sen explaining the facts

The resource person, Mr. Prabir Sen thoroughly explained each and every point about the disease. At last, feedback was taken from the students and their queries were resolved. Principal concluded the programme informing everyone about the test and requested everyone to attend the detection camp on **08.02.23 at 10:30 am** positively.

Part – 2 : Thalassemia Detection Camp (08.02.2023)

In **08.02.2023**, at 11:15 AM the team of Bankura Medical College and Hospital arrived in NBSM and set up their instruments to collect blood samples from the volunteers. They were distributed a form related to Thalassemia detection which includes personal details and a declaration. After completing those formalities blood sample collection was started and a total of **135** blood sample out of which **42 girls** collected for Thalassemia detection. It was great success by NSS Unit of NBS Mahavidyalaya. The students are greatly inspired by this special day observation.
