Introduction:

Since 1988, December 1st has been observed globally as World AIDS Day. Its purpose is to commemorate the lives lost to the disease and to raise awareness of the AIDS pandemic caused by the spread of HIV infection. World AIDS Day falls on December 1st of every year. It's a chance for people all throughout the world to come together in the battle against HIV, to support those who are living with the virus, and to remember those who have lost their lives to AIDS-related illnesses. World AIDS Day was the first global health day, established in 1988. The day offers a chance to raise awareness of the pandemic's current state and to promote global advancements in HIV/AIDS care, treatment, and prevention. It is now one of the most well-known international health days and a significant chance to increase awareness. The event was executed with success, and attendees turned in their posters. Theme for Poster presentation was “**Ending the HIV AIDS epidemic (Resilience and impact)**”.

Rally by NSS Volunteers, Faculty members, office staff and students

All NSS Volunteers and also others students and faculty of teacher's representative were started a rally by holding flex and placard and Toto with canvassing (about-world aids day) from NBS Mahavidyalaya premises and the rally was directed toward Shibdas Girls High School to Bishnupur Municipality office and move towards the Bishnupur Central Buss stop and moving with around the bus stop rally move forward to SDO Office Bishnupur, then rally went to Ramananda collage road and stop rally in collage premises on 9:45 am.. All NSS Volunteers were actively walking in rally by holding placard. As a NSS programme officer, I, **Mr Sanjay Bhunia** gave a statement towards the man walking the path about the awareness of HIV and good health. It is everybody's responsibility to share and spread the knowledge and awareness about AIDS. It also brings good and positive thoughts in the mind of the society for which slows down the occurrence of HIV.
