**Report on Celebration of World Environment Day on 05.06.2025**

During the Stockholm Conference on the Human Environment in 1972, the United Nations created World Environment Day, which is celebrated on June 5th every year. The necessity of international action to address environmental challenges was emphasised by this conference, which was the first of its kind to concentrate on environmental conservation. "Only One Earth" served as the theme for the inaugural World Environment Day celebration in 1973.

In view of the above, Nikhil Banga Sikshan Mahavidyalaya in collaboration with Jamalpur Mahavidyalaya, Purba Bardhaman organized an awareness programme entitled **"DREADLY PLASTIC POLLUTION : Causes, effects on the lives of Flora, Fauna and the Human Being"** through online mode on **05.06.2025**. Eminent Environmentalist **Prof. (Dr.) Naba Kumar Mandal, Professor in Environmental Science, The University of Burdwan**, spent his valuable with the faculty members and students of both the Institutions by delivering his flawless presentation over two hours. He focused on plastic pollution and how it affect our daily lives along with relevant documents. Faculty members and students interacted with the resource person and enrich their knowledge on environment pollution. He stressed not to use plastic bottle, plastic bag etc which tremendously affect environment. He also advised to reduce those materials with immediate effect. At the end of the session feedback also taken from the students.

**Presentation by Prof. Mondal**Website- [nbsmahavidyalaya.ac.in](http://nbsmahavidyalaya.ac.in) : e-mail: [nbsmahavidyalaya@gmail.com](mailto:nbsmahavidyalaya@gmail.com)
