Report on School Internship (B.Ed SEM II) for B.Ed students of session 2024- 26) 21.08.25 to 26.09.2025

Introduction: The B.Ed. program mandates a supervised teaching internship to provide future educators with real-world exposure to the school environment. This period is crucial for understanding the complexities of educational practice, bridging the gap between university coursework (such as Educational Psychology and Pedagogy) and the diverse realities of a working classroom. The internship was structured for four consecutive weeks, comprising approximately 180 hours of engagement, observation, and direct teaching.

Organization: There are two sections to the internship program in the BABA SAHEB AMBEDKAR EDUCATION UNIVERSITY B.Ed. curriculum. One is scheduled for Semester II, and the other for Semester III. Students must become familiar with the school structure in SEM II by watching how the school operates on a daily basis. This report will examine the activities that took place during the second semester. Nikhil Banga Sikshan Mahavidyalaya's whole B.Ed. SEM II student body has been randomly assigned to different internship schools in Bishnupur Town. The distribution is as follows:

Activities observed by the students:

1. Morning Assembly and prayer
2. School infrastructure
3. Time Table Preparation
4. Grievance Redressed System
5. Organization of co- curricular Activities
6. Organization of Mid-day Meal
7. Organization of cultural activities
8. Organization of field-trip
9. Sanitation & cleanliness

Regularities by the students: Daily students signed their attendance record upon arriving at their designated internship school at 10.30 AM. Every day, they submit the geotagged image of the attendance sheet to the principal's office. Once the internship was over, all of the students reported on what happened, took notes in their note books, and watched the school activities.

Student Teachers at Practice Teaching School

Conclusions: The Internship of Teaching was the cornerstone of the B.Ed. program, solidifying academic learning with essential practical skills. The experience successfully transformed an inspirational student into a reflective, competent, and confident prospective educator. Having successfully managed diverse classroom dynamics, planned instruction across core subjects, and effectively used formative assessment, I am prepared and eager to enter the teaching profession with a foundational understanding of its demands and profound rewards.
