Report on 4<sup>th</sup> FTEI sports competition held on 12.02.2026

**Introduction:** The Federation of Teacher Education Institute (FTEI) of West Bengal (Western Cluster) was established in 2023 by the four Teacher Education Institutes—Sevayatan Sikshan Mahavidyalaya, Vidyasagar Teachers Training College, Nikhil Banga Sikshan Mahavidyalaya, and Sponsored Teachers Training College—through memorandums of understanding (MOU) for faculty and student exchanges, among other things. Students that play sports develop their physical and mental fortitude. Because physical activity not only keeps students healthy but also improves their emotional wellbeing, it is imperative that students participate in it daily. Sports are essential because they teach children a range of skills, such as patience, leadership, teamwork, and social skills.
