Report on awareness of Blood donation on 22.07.2026

Introduction: To raise awareness about the value of voluntary blood donation among students, professors, and the local community, the NSS Unit of Nikhil Banga Sikshan Mahavidyalaya hosted a Blood Donation Awareness Program. The program's goal was to debunk common misconceptions about blood donation and motivate healthy people to regularly donate blood voluntarily, benefiting society and saving lives.

The Principal gave a welcome speech at the start of the program, highlighting the importance of voluntary blood donation as a noble humanitarian service. **Mr Prabir Sen**, President, Thalassemic Guardian Society, gave an educational talk emphasizing the necessity of keeping a sufficient supply of blood for patients with chronic illnesses, emergencies, surgeries, and accident victims. The qualifying requirements, the blood donation procedure, the health advantages, and the safety precautions used during blood collection were all described by the speaker. Additionally, participants were urged to dispel myths and anxieties related to blood donation. Students actively participated in the interactive session by asking questions and sharing their views. Informative posters, charts, and audio-visual presentations were used to enhance awareness about the importance of regular voluntary blood donation. Awareness leaflets were distributed among the participants, encouraging them to motivate their family members and friends to participate in future blood donation camps.

The programme concluded with a vote of thanks delivered by **Dr. Sanjay Bhunia**, NSS programme officer, expressing gratitude to the resource person, organizers, and participants for making the event successful. The awareness programme proved to be highly informative and inspiring, motivating the students to recognize their social responsibility and to contribute towards saving lives through voluntary blood donation.
