Report on Barsha Mangal & Tree plantation on 30.07.2026

Introduction: Maa Sarada Chatrinibas organized a Barsha Mangal Celebration and Tree Plantation Programme on 29.07.2026 with great enthusiasm and active participation from the hostel residents, teachers, and staff members. The programme was conducted with the objective of welcoming the monsoon season through cultural activities while promoting environmental awareness and sustainable living.

The event commenced with a cultural programme featuring Rabindra Sangeet, recitation, dance performances, and songs celebrating the beauty of the rainy season. The performances reflected the rich cultural heritage of Bengal and conveyed the message of harmony between humanity and nature. The participants captivated the audience with their enthusiasm and creativity, making the celebration both enjoyable and meaningful.

Following the cultural programme, a tree plantation drive was organized within the hostel campus. The Superintendent, teachers, staff members, and hostel residents jointly planted a number of fruit-bearing, medicinal, ornamental, and shade-giving saplings. During the programme, the speakers highlighted the importance of trees in maintaining ecological balance, conserving biodiversity, reducing pollution, and combating climate change. The students also pledged to nurture and protect the planted saplings to ensure their healthy growth.

The programme successfully combined cultural celebration with environmental responsibility, inspiring all participants to appreciate nature and contribute towards a greener future. It also strengthened the values of teamwork, discipline, and social responsibility among the hostel residents. The Barsha Mangal Celebration and Tree Plantation Programme was a memorable and successful event, reflecting the commitment of Maa Sarada Chatrinibas to cultural enrichment, environmental sustainability, and holistic student development.
